

# Actions and Information 2020.02 A&I List to 2 March.xlsx

	Date	Cat.	Type	In/ Out	From/To	Detail	Copied to / Action / Notes
<b>Items in RED require decision / action. Other items may also require decision / action.</b>							
<b>AGENDA ITEM 1 - APOLOGIES.</b>							
0	28/02/20				PSCO Bishop	"I will unfortunately be unavailable on Tuesday due to an appointment, please accept my apologies."	
<b>AGENDA ITEM 5 - COUNTY COUNCILLOR AND POLICE REPORTS</b>							
0A	28/02/20	Police Report	Report	In	PCSO Bishop	<p>"Fortunately there is nothing to report in terms of crime in the Chideock parish, but I do want people to be aware of some recent breaks we've had on the patch. There have been two thefts of quad bikes and power tools and a third attempted theft of a quad bike (fortunately they were disturbed by the victim on this occasion). There have also been a couple of other smaller value thefts, which appear more opportunistic than planned and some reports of suspicious vehicles in the area. One vehicle is a Toyota Hilux, containing males asking if people have any batteries for sale.</p> <p>I would advise people to be vigilant and report any suspicious activity to us (at the time) on 101, or online at <a href="http://www.dorset.police.uk">www.dorset.police.uk</a>. People can also contact us if they would like any security advice.</p> <p>I also want to thank the organisers of the pancake morning for their hospitality, I had a really nice pancake and coffee and also managed to speak to a number of residents which is always good.</p>	
<b>AGENDA ITEM 7 - REPORTS</b>							
1	04/02/20	Climate Emergency	Info	In	BLAP	<p>"As previously discussed at the BLAP Parish Liaison meeting, please find attached Char Valley Parish Councils 21 proposals for the Climate Change and Ecological Emergency which was adopted at their January meeting.</p> <p>Char Valley would also like to invite BLAP members to their public meeting with expert speakers on the 21st March at Whitchurch Canonorum Village hall 2pm-5.30pm.</p> <p>For more info please email <a href="mailto:charvalley@dorset-aptc.gov.uk">charvalley@dorset-aptc.gov.uk</a> "</p>	Sent to all
2	18/02/20	Community transport cost	Reqs't	Out	Marshwood Vale Clerk	"It has been suggested that I ask you about the cost of providing a community bus service - actually I'd like a lot more than that - as much information as possible please."	
3	18/02/20	Community transport cost	Resp	In	Marshwood Vale Clerk	"I am gong to forward your email to David Marsh, the councillor who deals with our bus services."	
4	19/02/20	DC Leader's Bulletin Feb 2020	Info	In	Dorset Council	<p>"Please find attached the Dorset Council Leader's bulletin for February.</p> <p>The bulletin is issued every other month, following each meeting of the Full Council, and helps to keep you informed about Dorset Council's priorities.</p>	Sent to all

<b>5</b>	20/02/20	Place Day event at Dorset Council - 2 April 2020	Invitation to Clerks	In	Dorset Council via DAPTC	<p>"You may be aware that as part of our Member induction we held a Place Day in June of last year. Due to its success we held another session in the autumn to which I invited some Clerk colleagues to join us to give a Parish and Town Council perspective.</p> <p>As part of the Place Day we have a marketplace format. This is a meet and greet session at which the various services within the Place Directorate have stands enabling attendees to meet the staff and to ask questions. Your colleagues who attended in the autumn felt that this is something which all Clerks would find helpful and informative to attend. To this end we are holding a special session for Clerks on Thursday 2nd April 2020 between 2.00pm and 4.30pm in the Committee Suite at South Walks House, Dorchester (sat nav postcode DT1 1EE).</p> <p>On this occasion we are just extending the invitation to Clerks, but based on the feedback we receive we would like to consider running a subsequent one for Clerks and Chairs (to be arranged at a later date).</p> <p>We do hope that you will take up the offer to attend, this is deliberately a drop-in session and you are free to come and go at any time during the afternoon. Refreshments will be provided. We also hope that this format will enable you to fit this event around your other commitments.</p> <p>We do look forward to welcoming you on 2nd April."</p>	Clerk has booked a place
<b>6</b>	04/02/20	Proposed improvements Muddyford Lane	Support	Out	National Trust	<p>"At the meeting on 28 January Chideock Parish Council agreed to support both proposals for improvements to Muddyford Lane.</p> <p>I attach a letter of support regarding the Dorset Highways proposal."</p>	Forwarded to Char Valley
<b>7</b>	05/02/20	Proposed improvements Muddyford Lane	Support	Out	National Trust	"Here is the letter of support for HE."	Forwarded to Char Valley
<b>8</b>	06/02/20	Request for information from DC re how DfT bus subsidy is used	Reqs't	Out	DC Cllr Bryan, cc WATAG, Cllr Christopher,	<p>"In reference to the attached letter from the Department for Transport, Chideock Parish Council requests the following information: -</p> <ol style="list-style-type: none"> <li>1. a detailed breakdown of the bus services which were subsidised by the Bus Services Operators Grant of £447,391 for 2018/19</li> <li>2. the amount of BSOG and a detailed breakdown of subsidised services for the previous 5 years</li> <li>3. the amount of BSOG and a detailed breakdown of subsidised services for the current financial year</li> <li>4. the amount of BSOG and a detailed breakdown of subsidised services for the coming financial year "</li> </ol>	
<b>9</b>	07/02/20	Request for information from DC re how DfT bus subsidy is used	Resp	In	WATAG	<p>"Many thanks for sending this.</p> <p>We have also sent an FOI to Dorset Council about the way the school transport contract was done in 2017 – we share your concern that First Wessex is just creaming off its profitable routes and running down the marginal ones. It has been noticed that since 2017 (when First secured the bulk of the School Transport contract at the expense of Damory) it has run down the remainder of its rural routes.</p> <p>It is good that Chideock is represented by Anna Dunn, and she has made an excellent contribution at the last 2 meetings."</p>	

10	13/02/20	Silage / manure spreading	Reqs't	Out	Environment Agency	<p>"The Parish Council asks for guidance regarding the spreading of silage / liquid manure by farmers.</p> <p>I have been informed that application of liquid manure commenced after dark on the evening of Friday 7 February and continued throughout the day on Saturday, with a storm forecast for Sunday. The ground was already waterlogged and there are springs in the vicinity of the field in question, which flow down to culverts which lead eventually to the River Winniford.</p> <p>There are concerns that water run-off from the field will now be full of liquid mature, which has not permeated into the ground due to it being waterlogged. Not only is this a waste, but the manure it will flow down the springs / culverts / drains into the river and potentially cause pollution.</p> <p>DEFRA guidance states that the silage / manure should be ploughed in within 6 hours of application but clearly with fields waterlogged this was extremely unlikely to happen.</p> <p>We realise that we need to live in harmony with farmers and that farming needs to be supported - but surely this is poor land management by the farmer. We would like to know how this situation could be avoided in the future.</p> <p>Does the Environment Agency have policies and guidance for farmers? And if so, how are they enforced?"</p>	
11	14/02/20	Silage / manure spreading	Resp	In	Environment Agency	<p>"I have passed your email to the farming rules team who will contact you shortly.</p> <p>Please quote the enquiry reference 200214/ND09 fir any correspondence in this matter."</p>	
11A	28/02/20	Town and parish workshops with Dorset Council - 2nd round	Invite	In	Dorset Council	<p>"We are pleased to announce that we are hosting our second round of parish and town workshops across the Dorset Council area in March. This follows on from the four workshops that were held in October and November last year.</p> <p>Workshop 1 – 7pm – 8:30pm on Monday 16 March at Bridport Town Hall"</p>	Who can attend?
12	03/02/20	Withdrawal of bus services in West Dorset	Request	In	Bridport Town Council	Request for support for the Bridport Town Council Statement on the Withdrawal of Bus Services in West Dorset	Sent to all
13	06/02/20	Withdrawal of bus services in West Dorset	Resp	Out	Bridport Town Council	<p>"Chideock Parish councillors wholeheartedly support the statement from Bridport Town Council regarding the withdrawal of bus services in West Dorset.</p> <p>Over the past 10+ years there has been a "creeping" erosion of bus services in West Dorset which</p> <ul style="list-style-type: none"> <li>- has a negative impact on residents of all ages</li> <li>- goes against Dorset Council's adoption of the Climate Emergency agenda</li> <li>- goes against the Dorset Council Economic Plan which is supposed to deliver improved economic outcomes for residents.</li> </ul> <p>How long before the remaining weekly / twice weekly buses serving the villages are axed as being "uneconomic"? They may be uneconomic to the operator but removal is even more uneconomic for residents.</p> <p>How could Dorset County Council justify removing subsidies (consultation in 2016 - see attached e-mail) to save a mere £800,000, when such a move has had such a predictable economic impact on residents?"</p>	
14	07/02/20	Withdrawal of bus services in West	Resp	In	Bridport Town Council	"Thanks to you and your councillors. We've had a lot of support and I'm just waiting for a couple of councils that haven't met yet before we issue the statement as an open letter."	

AGENDA ITEM 8 - A35 matters.							
15	18/02/20	A35 Communities	Reqs't	Out	Parishes on A35 between Dorchester and Honiton	"I am writing to you because your parishes / communities are, like Chideock, impacted by the A35 Trunk Road. Chideock Parish Council would like to arrange a meeting with other parishes to discuss our common issues with the A35 (e.g. speed, volume of traffic both cars and HGVs, air pollution) and to formulate a joint approach to Highways England. Please will you present this request at your next meeting and let me know the outcome. I look forward to hearing from you."	Replies so far: - Symondsburry, Bothenhampton & Walditch, Uplyme, Widworthy (Wilmington), Char Valley
16	31/01/20	A35 Diversions	Info	In	A35 Diversion Group	"We are writing to all the Councils affected by temporary unexpected closures of the A35 between Bridport and Axminster, such as traffic accidents, flooding, or other blockages. Your Council is responsible for an area that is either directly on the A35 or the designated diversion route defined by Highways England (see attached HE map), or is affected by traffic which self-diverts through smaller local roads. In November 2018, following a public meeting with Martin Underhill, the Dorset PCCC, a small volunteer action group worked to identify possible actions that we, the public, could take to reduce the impact of temporary unexpected closures of the A35. After a year or so of discussions with HE, PCCC and local MP, we have reduced our expectations but now have a proposal. We have set up an email alert that is notified by HE through its NILO system, of any major blockages of the local A35 that could lead to traffic being diverted deliberately or choosing to divert along other routes in the local area. Our proposal is that each Council should receive this information and take whatever steps it feels appropriate. Such steps might include notifying local businesses of the impending congestion, arranging for announcements in shopping centres or health centres so customers, clients, or services can plan their local journeys, contacting holiday centres to inform tourists, or whatever seems appropriate for your area."	
						We were originally hoping to be able to activate suitable volunteers to stand at junctions and deter drivers from taking routes away from the official diversion across the narrow lanes and causing further congestion, but this was not supported by the Police. Probably a very sensible objection, especially in terms of safety and lack of authority. We can't stop drivers from using their Satnavs to plot an apparently shorter route, but there are trials taking place where Satnavs will receive instructions that tell drivers to follow the diversion routes (even if the Satnavs calculate quicker routes). <b>So, if you feel that this may be useful for you, and you don't have your own alert system, please send me an email address that you would like to be informed and it will be added to the distribution list.</b> Obviously, we have to limit the number of email addresses we can support because we don't want to be categorised as 'spammers', but it seems we should be able to get up to about 100. I have attached samples of the output from NILO that gives blockage details. As you can see, the NILO area covers more than our local patch so wouldn't always require you to jump out of bed and ring bells!!"	

17	09/02/20	Adverse Footpath Camber Chideock and Dangerous Slope on disabled exit from Village Hall	Reqs't	Out	Nick Harris CEO HE, Sec. for Transport, cc Cllr Christopher, Chris Loder MP	Agreed letter sent	
18	12/02/20	Adverse Footpath Camber Chideock and Dangerous Slope on disabled exit from Village Hall	Resp	In	Highways England	"Thank you for your email and letter of 9 February to our Operations Director, Nick Harris, on behalf of Chideock Parish Council. Please accept this email as receipt of your query. Our Chief Executive has asked for details of your query to be passed to the relevant business area for their investigation. The maximum response time is 15 working days, however we will try to respond sooner. Your reference number is CEO 21572341. This supersedes your previous reference of CEO 19183085."	
19	27/02/20	Adverse Footpath Camber Chideock and Dangerous Slope on disabled exit from Village Hall	Resp	In	Highways England	"Thank you for your letter of 9 February 2020 about the adverse pavement camber on the A35 in Chideock. We're sorry for the delay in providing a response to your enquiry. We aim to respond to customer enquiries within 10 working days. However there's been a delay in gathering all the information we need to answer your concerns. We are still looking into the issues you have raised, and we'll be back in touch as soon as possible with a full response to your enquiry."	
20	29/01/20	Air Quality	Reqs't	In	Mr David Greenshields	"Good morning, I should be grateful if you would let me know all the actions (with time scales) that are planned so the emission levels in Chideock are reduced to legal limits. It would also be good to know what measures the parish council is seeking to enforce the new 30mph speed limit."	
21	08/02/20	Air Quality	Resp	Out	Mr David Greenshields	"Thank you for your e mail dated 29 January 2020. Chideock Parish Council has consistently been involved in working with the relevant authorities regarding pollution in Chideock since May 2007 when an Air Quality Management Area was put in place by the then West Dorset District Council. Since 2007 there have been 4 different parish councils, with varying personnel, but the approach taken has been consistent over the period. In regard to specifically answering the two issues that you have raised it is important to state that Chideock Parish Council is not directly or legally responsible for carrying out measures to prevent or reduce pollution. However pollution and it's impact upon the village and its residents and visitors is a matter that councillors take exceptionally seriously and as such are vigorous advocates in seeking to get the relevant authorities to do something about it."	

						<p>Therefore in response to your questions :</p> <p>1. Dorset Council has a statutory responsibility and duty to monitor and put in place an annual plan regarding measures being taken to attempt to reduce pollution levels in Chideock. This plan is produced in November of each year and is submitted to the Department for Environment Food &amp; Rural Affairs (DEFRA) which has a duty and a responsibility as the statutory government agency regarding pollution. If you wish to see this plan please contact the Environmental Health team at Dorset Council - envhealthteam@dorsetcouncil.gov.uk</p> <p>2. Highways England is responsible for the current speed / pollution control pilot project that is currently being carried out on the A35 at Chideock Hill. The Parish Council is very aware of the current limitation regarding the lack of speed enforcement and as such councillors are concerned that any subsequent data may be invalidated. Since October 2019, the Parish Council has written to the Police, Highways England, DEFRA and the Department for Transport specifically about the enforcement issue and to date we have had no positive response from these individual bodies. In conclusion, the Parish Council has worked tirelessly to raise these issues and will continue to do so on behalf of the village. If you wish to raise further issues then please do not hesitate to contact us. There will be a short article in the March edition of the Chideock News to update the village on the current speed trial and the actions taken by the Parish Council."</p>	
22	26/02/20	Air Quality Management Plan	Info	In	Mr Tony Peacock to DC Env Health	<p>" I have produced the attached Plan for consideration with your current work on this subject. If you wish me attend any meeting or wish to discuss this further please let me know. Obviously this is only a small part of the overall Plan."</p>	Sent to all
22A	28/02/20	Air Quality Management Plan	Resp	In	DC Env Health via Tony Peacock	<p><i>"Thank you so much for your work. It's actually quite timely as I'm about to formally ask CPC to come to the table with some measures &amp; I'll be forming the informal working group on it, so this will help tremendously. I'll read it through &amp; come back to you soon."</i></p>	
23	23/02/20	Advice on Public Health Issues	Follow-up	Out	Cllr Rebecca Knox, cc Cllr Christopher, Cllr Flower, Chris Loder MP	<p>"Parish Council refers to the letter sent to you dated 7 August 2019 (attached) concerning air pollution in Chideock.</p> <p>To date The Council has received no response to this letter nor, sadly, even an acknowledgement of the concerns raised for the well-being of Chideock residents and the request for advice on this Public Health issue.</p> <p>To summarise:</p> <ul style="list-style-type: none"> <li>- Chideock has been defined as an Air Quality Management Area (AQMA) since 2007 with monthly nitrogen dioxide (NO2) monitoring results being published on the Dorset County website.</li> <li>- Since 2007 the pollution levels have steadily worsened, with western parts of the village recording levels of NO2 well in excess of the statutory levels set by the Government.</li> <li>- The Parish Council continues to urge Dorset Environmental Health to commence short term monitoring for particulates PM2.5 and PM10 to determine whether or not these also exceed Government guidelines. .</li> <li>- The Parish Council requested (and still awaits) guidance from you on what advice to give villagers when asked how best they may reduce the damage to their health potentially being caused by these illegal levels of pollution.</li> </ul> <p>The Parish Council hopes that you have now had sufficient time to consider these requests and look forward to a meaningful response from you shortly."</p>	

24	24/02/20	Advice on Public Health Issues	Resp	In	Cllr Rebecca Knox	<p>"Many thanks for the letter attached – I apologise if no response was made last year and can only surmise that with the changes of contact details for folks during our move and after that it was overlooked, apologies.</p> <p>Since the original correspondence Dorset Council has also declared and support moves towards addressing climate change issues. The points you raise about Chideock are indeed very important and I remember in the past Public Health alerting to the matters which come about in the main due to the road traffic impact on the village and the surrounding area.</p> <p><b>I do not like to hand this on so will not do that but I would like to include your correspondence into two teams – one to the public health team and the other to the climate change team which is looking at all these matters through a policy panel and has already done some good work.</b></p> <p><b>So might I please circulate to them and I will include you in the correspondence so you can see where the matter will be discussed further?</b></p> <p>The Health and Wellbeing Board will be looking at the bigger picture for Dorset County and therefore should be receiving reports from the works of the climate change panel – this issue I believe would rightly sit with that panel and would include public health colleagues."</p>	
25	05/02/20	Air Quality Data for 2019	Info	In	DC Env Health		Sent to all
26	06/02/20	Chideock Matters	Reqs't	In	Chris Loder MP	<p>"I am receiving lots of correspondence about Chideock, in particular about the bypass. There are a great deal of different views and I think it is important that I meet the Parish Council about what they think is the way forward and will then support what the Parish Council chooses to do. Can I suggest that we might be able to convene a public meeting where I could listen to some of the points that parishioners make? Please let me know what you think."</p>	
27	07/02/20	Chideock Matters	Resp	Out	Chris Loder MP	<p>"Thank you for your e-mail sent on Thursday 6 February 2020.</p> <p>At the Parish Council meeting of 28 January Chideock Parish Council agreed to invite you to meet with councillors regarding the A35. It was decided that such a meeting would best be held after the next Bridport A35 Working Group meeting (on Friday 27th March at 10am at Bridport Town Council's office at Mountfield, Bridport). Two Chideock councillors attend these meetings. Please will you let me know possible dates for a meeting with councillors in May. The matter of a public meeting could then be discussed.</p> <p>As I am sure you are aware the issue of a Chideock by-pass has a long history and is, unfortunately, a very divisive topic both within Chideock and the adjoining parishes, particularly Char Valley. I will send you background information well in advance of the meeting with you and Chideock Council.</p> <p>Councillors would like to be informed of other issues which have been raised prior to any meeting with you.</p> <p>I look forward to hearing from you.</p>	
28	26/02/20	DVSA Checks	Reqs't	Out	Stuart Carter, DVSA	<p>"I have just realised that it is 2 years since you came and did a presentation for the Parish Council! Time flies.</p> <p>The council would be very pleased to received an update on checks carried out on the A35, both at Puddletown and at Turks Head, Honiton.</p> <p>I look forward to hearing from you. "</p>	

<b>29</b>	26/02/20	DVSA Checks	Resp	In	Stuart Carter, DVSA	"FYI, I am currently on further project work temporarily and so have copied in my interim replacement in the South West - Ross Trott. I'm sure you could liaise with Ross."	
<b>30</b>	04/02/20	Pavement Parking Bilberry Close	Reqs't	Out	PCSO Bishop	"Here is the draft text for the "letter" for parking on the pavement at Bilberry Close. Comments please. If you are happy with it then it will go into the March village magazine, The Chideock News, so that residents know what is happening, along with a suggestion that neighbours should first talk to each other and say "I have a tradesman coming tomorrow so could I or they park in your driveway whilst he is working at my property in order that the vehicle does not block the pavement?" The deadline for the Chideock News is Wednesday 12 February.	
						POLITE NOTICE Dear Sir / Madam We would like to ask you in future PLEASE NOT TO PARK in this location as you are currently parked on the pavement and, more significantly, blocking the use of an uncontrolled pedestrian crossing designated by the dropped kerb with tactile surface. This crossing is of particular benefit for use by the elderly; less firm; visually impaired and otherwise disadvantaged amongst us and is regularly used by local residents and visitors alike. In addition to this there are two traffic offences which you may be incurring: i) Obstruction of a footpath; and ii) Blocking a dropped kerb There is a public car park within the village a short distance westwards adjacent to the shop. Thank you for your understanding and co-operation. Chideock Parish Council	
<b>31</b>	05/02/20	Pavement Parking Bilberry Close	Resp	In	PCSO Bishop	"That looks fine to me. I like the idea of the neighbours letting each other know so that they may come to a driveway arrangement."	
<b>32</b>	02/02/20	Public Health Dorset Study of Pollution Exposure to Particulate Matter	Reqs't	Out	DC Env Health	"Please will you follow up and expedite details of The Public Health Dorset Study of Pollution Exposure to Particulate Matter promised by Mr Pitt-Kerby in his email reply to the Parish Council dated the 23rd September 2019 (see below). The letter dated 2 September 2019 from Mr Pitt-Kerby is attached. If this Study is not to be published for some time, can Chideock Parish Council at least receive details of what has happened and been established to date, on a "not to publish basis", but for information only. Also will you please provide details of when the Report will finally be published. The Parish Council looks forward to hearing from you. "	
<b>33</b>	05/02/20	Air Quality Action Plan for Chideock	Reqs't	Out	DC Env Health	"Firstly, thank you for send the complete Air Quality data for 2019. Do you have any idea when this will be, as it once was, available to all on the Dorset Council website? Secondly, is there any update regarding the new Air Quality Action Plan for Chideock - see below. And finally, what is the status of the 2019 West Dorset ASR for data collected in 2018? (I note that the 2018 report is not on the website.) I look forward to hearing from you."	

<b>34</b>	06/02/20	Public Health Dorset Study of Pollution Exposure to Particulate Matter /	Resp	In	DC Env Health	<p>"Thank you for your two emails. In response, I hope I've been prudent by addressing all your comments below.</p> <p>I am sorry that I am unable to advise when a report may be completed. This is because as a joint project, Dorset Council's Environmental Protection team are tasked with the installation and maintenance of the analysers only. However, some data that Public Health Dorset have reviewed and provided is available at <a href="https://public.tableau.com/profile/public.health.dorset#!/vizhome/AirPollution_10/AirPollutionStory">https://public.tableau.com/profile/public.health.dorset#!/vizhome/AirPollution_10/AirPollutionStory</a></p> <p>In the recent formation of Dorset Council, a large proportion of workloads and responsibilities were redistributed and disappointingly some timelines for completing work slipped. The 'WDDC' ASR was among this but fortunately I now have some extra support to assist me with the air quality reporting, the new Air Quality Action Plan and also updating of the Dorset Councils website.</p> <p>I apologise again for the delay, and I will of course continue to keep you informed when I receive any updates.</p> <p>In the meantime, in the pursuance of forming a joint working group for the Action Plan, could I ask if CPC will consider some measures that they would like to see included in Action Plan, and forward them onto me? (I'll contact Mr Peacock too, to ask the same.)</p> <p>I thank you again for your understanding and am really looking forward to working with you again this year."</p>	
<b>35</b>	05/02/20	RIS2	Reqs't	Out	Highways England Enquiries	"Chideock Parish Councils asks for the revised date for publication of the RIS2 proposals, which were due November 2019 and for the current status of all projects which were within RIS1 with a completion date in or before 2020. "	
<b>36</b>	28/01/20	Speed cameras	Reqs't	Out	Dorset Road Safe	"I see a lot of activity on the west bound camera - is this the long awaited installation of the digital cameras?"	
<b>37</b>	28/01/20	Speed cameras	Resp	In	Dorset Road Safe	"Yes, first one in Dorset at the Weymouth side of Chideock - we will eventually use it to test all the systems. Tomorrow there will be drive-bys to test image quality etc. We will sort out the other camera but it is slightly more complex due to position."	
<b>38</b>	26/02/20	VAS at Bilberry & VAS on Chideock Hill	Info	In	HE	<p>"Parts have been delivered to the engineers 10 days ago for Bilberry close so I hope it will be ready soon for me to return to you.</p> <p>We had an issue with the charging of the trailer, someone unplugged it by mistake! We have now charged it but are a bit worried we will cause significant damage to the verge outside the property if we return it now due to the wet conditions and saturated ground, we are just waiting for a few days for it to dry out and will then return it."</p>	
<b>AGENDA ITEM 10 - PLANNING MATTERS - Planning Applications.</b>							
<b>AGENDA ITEM 10 - PLANNING MATTERS - Planning Other</b>							
<b>39</b>	03/02/20	Dorset Local Plan	Info	In	Dorset Council Planning	The Parish Council event on the new Dorset Local Plan was held on 3 February and the slides were e-mailed to all attendees	Sent to all

40	12/02/20	Statement of Community Involvement	Info	In	Dorset Council via DAPTC	"Dorset Council adopted the new Statement of Community Involvement (SCI) on 28th January 2020. The statement is required by the Planning & Compulsory Purchase Act 2004 (as amended) and sets out how and when Dorset Council will involve the community as part of its planning duties. This statement replaces all the existing SCIs previously adopted by the predecessor Councils (Dorset County Council, East Dorset District Council, North Dorset District Council, Purbeck District Council, West Dorset District Council and Weymouth & Portland Borough Council) that existed prior to the formation of Dorset Council on the 1 April 2019. It can be found on the website but the direct link is here - <a href="https://www.dorsetcouncil.gov.uk/planning-buildings-land/planning-policy/dorset-council-local-plan/evidence/adopted-dorset-council-statement-of-community-involvement-28-jan-2020.pdf">https://www.dorsetcouncil.gov.uk/planning-buildings-land/planning-policy/dorset-council-local-plan/evidence/adopted-dorset-council-statement-of-community-involvement-28-jan-2020.pdf</a> "	
<b>AGENDA ITEM 11 - FINANCES</b>							
41	29/01/20	Precept Request	Reqs't	Out	Dorset Council	Parish Council Precept request	
42	31/01/20	Removal lorry	Resp	Out	Village resident's daughter	"Chideock Parish Council agrees to the use of Foss Orchard Car Park by a removal van on 17 to 18 February 2020 provided that - access to the car park is not impeded in any way - as stated in your request, car park tickets are purchased for the number of spaces occupied by the removal vans and for the required period of time. I hope the move goes well."	
43	Various	Electric Vehicle Charging Point	Report		Clerk	Signed "Head of Terms" and "Agreement" received Waiting for the Press release which is being worked on - they know the deadline for the Chideock News. I have also asked that it goes in the Bridport News and Dorset Echo. We will have a chance to add to the text. Work will commence on Friday 13 March - hopefully one day?	
43A	27/02/20	WI Cake Sale	Reqs't	In	Chideock WI	"May the WI use the car park for our Bake Sale on Saturday 11 April from 7.30 am until about 10.00 am as we did last year?"	
<b>AGENDA ITEM 12 - CLAPPS MEAD PLAYING FIELD</b>							
<b>AGENDA ITEM 13 - DCC HIGHWAYS AND FLOOD MANAGEMENT</b>							
44	01/03/20	Flood Issues in Sea Hill Lane	Report				Sent to all
45	26/02/20	Flood Issues on A35 eastern end of Chideock	Report		Mick Downes, A35 Flood Warden	Attached	
46	03/02/20	Dorset Community Resilience Day, 4 Feb	CANCELLED				
47	19/02/20	Dorset Community Resilience Day, 25 March	NEW DATE			The Clerk and Mick Downes will attend this event.	

48	04/02/20	Flood Warden	Resp	Out	Mr Mick Downes	<p>"Cllr Anna Dunn has told me that you are happy to take in the role of Flood Warden, which is great news.</p> <p>I was hoping to get useful information to send to you at the Environment Agency Rapid Response Catchment seminar today but unfortunately it was cancelled. It is hoped that it will be re-arranged for March - if this happens then maybe you could attend it with me?</p> <p>Obviously the Parish Council does not expect you to jump in feet first!</p> <p>Over the next week or so I will collate some relevant information for you - some will be generic and some more specific to Chideock.</p>	
49	06/02/20	Flood Warden	Resp	In	Mr Mick Downes	"I would be pleased to assist in the role as Flood Warden for Chideock and attend with yourself the meeting planned for March."	
50	13/02/20	Flooding of A35 Bilberry Close	Reqs't	Out	David Groves, Connect Balfour Beatty	<p>"In 2011 there was significant flooding of the A35 in the vicinity of Broadmead and Bilberry Close. This was largely caused by water run-off from the field on the north side of the A35, which has been ploughed up and down the slope, not on the contour. The flooding was made worse by the lack of any drainage ditching at the boundary with the A35. Given that the water contained soil the flooding caused the gulleys on the A35 to be blocked with silt, thus exacerbating the flood.</p> <p>At that time the field in question was owned by the Highways Agency and it is understood that the Highways Agency contacted the tenant regarding the direction of ploughing. In subsequent years contour ploughing was carried out. The land has now been disposed off by Highways England, presumably to the Chideock Manor Estate, the original owner.</p> <p>In late December 2019 flash flooding again occurred and it is noted that the field has not been ploughed along the contour line. To make the situation worse, hedges on both sides of the A35 towards Bridport had been flailed a day or so before and the detritus had not been cleared up – this blocked the gulleys. Residents cleared the debris but then the gulleys and collection chamber were blocked with silt. There has been at least one further occurrence, on Sunday 9 February 2020.</p>	
						<p>Most of the water exits onto the road by the Broadmead bus shelter on the north side of the road. It doesn't affect the Broadmead properties - its the Old School House, St Antony's, Bilberry Close and Park Farm Bungalow.. And before you ask, yes there are sandbags but it happened too fast for these to be used. Interestingly water coming down the Park Farm track dissipates without adding to the problem, or so have I have told.</p> <p>The road and pavements in the vicinity are covered in mud.</p> <p>There appear to be several actions to be taken</p> <ul style="list-style-type: none"> <li>- ensure that contour ploughing is always used, to stop excessive water run-off and the associated soil erosion</li> <li>- provide a ditch at the boundary of the field and the A35</li> <li>- clarify responsibilities for clearance of mud from the road and pavements, and how it this can be enforced</li> <li>- clarify responsibilities for clearance of hedge flailing debris from the road at the time it is created, and how it this can be enforced</li> </ul> <p>Chideock Parish Council asks you to look into this, or to refer it to the appropriate person / agency, and advise as to how this can best be taken forward. As you know, the Parish Council does not have any power in such matters and is not seen to have any authority.</p> <p>I attach a map showing the field in question.</p>	

51	21/02/20	Flooding of A35 Bilberry Close	Resp	In	David Groves, Connect Balfour Beatty	"We are aware of this issue, and have been in discussions with Highways England regarding the wash off from the fields. The Departments Representative (Stephen Potts, copied in to this e mail) is currently investigating what can be done. I will advise of any progress made when appropriate. With regards to the Hedge Flailing Debris, I have asked the Operator (Andy Kirby) to provide me with a response and I will pass this on once received."
