Ms Sal Robinson
60 North Allington
Bridport DT6 5DY

18th October 2019

Dear Ms Robinson,

I am writing from St John Ambulance, to ask Chideock Parish Council to support the work we do in Dorset, where a donation of as little as £75 could help us deliver our vision - that **everyone who needs first aid should receive it from those around them. No one should suffer from the lack of trained first aiders.** Through our **treatment and training**, we are building safer and more resilient communities. Put simply, we are saving lives and giving others the skills to save lives.

Our volunteers are just as likely to use these skills doing their weekly shop as they are at an event in their community.

To help save more lives in our local community, we need the best equipment possible. We are seeking a donation towards the items we need to save lives, raise awareness and teach others the skills they need to be able to provide effective first aid to those around them.

For example:

- To replace and replenish the contents of a first aid kit the cost is approximately £75 per year.
- To buy an adult resuscitation mannequin, to use to train others, costs around £150.
- To buy a new defibrillator, to be the difference between a life saved and a life lost, is over £1000.
- To buy a new ambulance, to provide emergency care, can be as much as £90,000.

With your support we can continue to deliver our amazing work in your community.

If you are able to help us we would be delighted to hear from you. We would also be very grateful if you could kindly consider us as a charity of the year. Please let me know if an application is required for this.

Yours sincerely,

Kevin Dickens
Community Fundraising Co-ordinator – West
